Hello,

Guest is booked for 04/04 @ 10:30am Tour # 107881

FYI,

This will be the last Monday we are open for the next few months, we are moving the days open to Tuesday -Saturday for now and hopefully by summer we will be at 7 days a week. I am in the process of calling all the guests that are already booked for Mondays to try and get them to move to Saturday or Tuesdays. If any of your guests call complaining that might be the reason, I have already moved 2 of yours from 04/11 but they were fine with it.
